Consistent with the Illinois Liquor Control Act of 1934, 235 ILCS 5 (the “Act”), and other applicable State laws, the purposes of this chapter are:

A. To limit the sale of alcoholic liquor at retail by license only and only in its original package or by restaurants, lounges, organized clubs, recreational facilities, civic events, or hotels.

B. To prohibit the sale to, purchase of, consumption by, or possession of alcoholic liquor by persons under the age of twenty-one (21) years.

C. To prevent intoxication, disorderly conduct, trespass, unruly disturbances at public or private places or assemblies, traffic accidents, and similar conduct that can result from the purchase, consumption, or possession of alcoholic liquor.

5.08.020 Definitions.

A. Unless the context otherwise requires, the following terms as used in this chapter shall be construed according to the definitions given below:

"Alcoholic liquor" means alcohol, spirits, wine, beer, alcopop, and every liquid or solid, patented or not, containing alcohol, spirits, wine, or beer, and capable of being consumed as a beverage by a human being. The provisions of this chapter shall not apply to any liquid or solid containing one-half of one percent of alcohol by volume or less, or to liquids or solids containing in excess of one-half of one percent of alcohol by volume if dispensed by a licensed pharmacy pursuant to a medical prescription.

“Alcopop” means a flavored alcoholic beverage or flavored malt beverage that includes (i) a malt beverage containing a malt base or beer and added natural or artificial blending material, such as fruit juices, flavors, flavorings, colorings, or preservatives where such blending material constitutes 0.5% or more of the alcohol by volume contained in the finished beverage; (ii) a beverage containing wine and more than 15% added natural or artificial blending material, such as fruit juices, flavors, flavorings, or adjuncts, water (plain, carbonated, or sparkling), colorings, or preservatives; (iii) a beverage containing distilled alcohol and added natural or artificial blending material, such as fruit juices, flavors, flavorings, colorings, or preservatives, or (iv) an alcohol malt beverage containing caffeine, guarana, taurine, or ginseng, where the beverage constitutes 0.5% or more of alcohol by volume.

"Bar area" means that area where alcoholic liquor sales occur for on-premises consumption, which sales are not complementary to the serving of meals. The bar area shall include seating and counter areas for patrons, as well as the area where alcoholic liquor is prepared for serving. The term "bar area" shall only apply to premises engaged primarily in the selling and serving of meals, and such area shall be separated from the remaining areas of the premises by a railing, partition, wall, or similar device as may be approved by the Local Liquor Control Commissioner.

"Beer" means a beverage obtained by the alcohol fermentation of an infusion or concoction of

barley or other grain, malt, and/or hops in water and includes, among other things, beer, ale, stout, lager beer, porter, and the like.

"Engaged primarily in selling and serving meals" means that the sales and service of meals, including the preparation and provision of such meals, account for seventy (70) percent or more of all of the following:

1. The retail value of the establishment's annual gross sales, as determined from both sales receipts and purchase invoices;
2. The use of the establishment's floor area, not including storerooms, stock areas, bathrooms, basements, or any other portions of the establishment not open to the public;
3. The establishment's inventory, whether measured by retail dollar value or number of items; and
4. The establishment's stock in trade at any one time.

"Keg" means an original package container capable of holding more than three gallons of beer.

"Legal age" means twenty-one (21) years of age or older.

"Restaurant" means any public establishment kept, used, maintained, advertised, and held out to the public to be a place where meals are served and where meals are actually and regularly served, without sleeping accommodations, where the sale and service of alcoholic beverages is incidental and complementary to the sale and service of meals, such space being provided with adequate and sanitary kitchen and dining room equipment and capacity and having employed therein a sufficient number and kind of employees to prepare, cook, and serve suitable food for its guests. Evidence that a licensed establishment is a restaurant shall include, but is not limited to, the following:

5.08.040 License Required.

A. Required. No person shall sell or offer for sale at retail in the Village, any alcoholic liquor without having a current, valid license issued pursuant to this chapter by the Liquor Control Commissioner.

Failure to operate in substantial accordance with such representations shall be deemed a violation of this chapter even if the licensee's operations otherwise conform to the requirements of this chapter and the terms of the liquor license class under which the premises are permitted to operate.

C. Nuisance Declared. Any instance when alcoholic liquor is sold, dispensed, possessed, stored, distilled, brewed, bottled, manufactured, or rectified without a valid license required by the Act, and a valid license required by this chapter is declared to be a public nuisance.

D. Changes in Law. Any license issued pursuant to this chapter shall be subject to the terms of this Chapter, the Act, and other applicable law, as each may from time-to-time be amended. No licensee is entitled to rely on this Chapter remaining unchanged, and any amendments to such

laws or this Chapter regarding the applicable regulations for any licensee (including the consolidation or transfer of license categories) shall apply to each licensee upon taking effect.

5.08.050 Term of License.

Each license issued under this chapter shall, unless terminated, revoked, or suspended, expire on April 30th following the issuance thereof, provided, however, that a Class "E-1" and Class "E-2" license as hereinafter designated, shall be valid for a forty-eight (48) hour period beginning at 12:01 a.m. on the date specified therein or for a lesser period as required by the license and a Class "E-3" license shall be valid for not more than an eight-hour period and only between the hours of eleven a.m. and eleven p.m. The normal licensing period shall be from May 1st through April 30th of each year, unless a license is issued or terminated at some other time during the year for individual circumstances.

5.08.060 License Specific to Premises-Permission for Change of Location.

A license issued under this chapter shall permit the sale of alcoholic liquor only on the premises described in the application and in the license issued thereon (and only one location shall be so described in each license).

B. Such license shall cease and terminate upon the death of the licensee, and shall not descend by the laws of the state of intestate succession; provided, however, that the executor or administrator of the estate of any deceased licensee, and the trustee of any insolvent or bankrupt licensee, when such estate consists in part of alcoholic liquor under the order of a court of competent jurisdiction, may exercise the privileges of the deceased or insolvent or bankrupt licensee after the death of such decedent, or such insolvency or bankruptcy, until the expiration of such license, but in no event for a period longer than six months after the death, bankruptcy or insolvency of such licensee; provided further that such executor, administrator, trustee or the designee thereof shall be subject to the eligibility requirements and regulations set forth in this Chapter. The executor or administrator of the estate or a business representative of any deceased owner, partner, or shareholder owning five percent or more of a licensed business shall immediately notify in writing the Liquor Control Commissioner of such death, and indicate what changes in ownership and/or management will result from the death.

A license may be issued to two or more persons jointly and in case of the death of one of such joint licensee, the surviving licensee shall succeed to all the rights therein by the right of survivorship.

5.08.090 License-Renewal.

A. Any licensee may apply for renewal of his or her license at the expiration thereof, provided that such licensee is then qualified to receive a license and the premises for which such renewal license is sought are suitable for the purpose; provided further that the opportunity to apply for renewal shall not be construed as a vested right which shall in any case prevent the president and board of trustees from decreasing the number of licenses to be issued within the Village or to be issued within the Village within any class.

B. All applications for renewal and payment of the annual license fee shall be submitted to the Village Clerk not later than April 1st, or such other date as determined by the Village, of each year.

5.08.110 Disposition of Fees.

All license fees shall be paid to the Liquor Control Commissioner at the time application is made and shall be forthwith turned over to the Village Treasurer. Definitions for each license class are the following:

BAR LICENSES

A. Class "B-1" license, which shall authorize the sale on premises specified of alcoholic liquor for consumption on the premises, as well as other retail sales of such alcoholic liquor in the original package and not for consumption on the premises. Any display of alcoholic liquor for retail in the original package shall not exceed an area of thirty-six (36) square feet in the licensed premises and no advertising of retail sales of package goods shall be carried on other than the price of the package being attached to the display area.

B. Class "B-2" license, which shall authorize the sale of alcoholic liquor for consumption only on the premises where sold.

RESTAURANT LICENSES

C. Class "R-1" license, which shall be issued only to restaurants and eating places engaged primarily in selling and serving meals and which shall authorize the sale of alcoholic liquors on the premises. The sale and service of alcoholic liquor must be served at tables where meals are served or in a bar area, provided that (1) the bar area does not exceed either twenty-five (25) percent of the total floor area of the premises or four hundred fifteen (415) square feet, and (2) the bar area is specifically identified as such in the license. Sales in the original package and not for consumption on the premises are also permitted, provided that any display of alcoholic liquor for retail in the original package shall not exceed thirty-six (36) square feet in the licensed premises and no advertising of retail sales of package goods shall be carried on other than the price of the package being attached to the display area.

D. Class "R-2" license, which shall be issued only to restaurants engaged primarily in selling and serving meals and which shall authorize the sale of alcoholic liquors on the premises. No such license shall be issued to or retained for use at an establishment in which the facilities for meal preparation and service are not primarily those of a restaurant. Without

limiting the generality of the foregoing, limited meal service, such as provided by lounges, luncheonettes, diners, coffee shops, drive-ins, etc., does not satisfy the requirements for this license classification. Notwithstanding the restrictions in this subsection requiring sale and service of alcoholic beverages at a table, any cafeteria-type operation that serves meals as defined in this chapter may qualify for a Class "R-3" license issued hereunder if other applicable provisions of this chapter are met. It is unlawful for such licensee to render a bill for the sale and service of beer and/or wine which does not include a charge for a meal, and the beer and/or wine must have been served for consumption with a meal. No such license shall be issued to or retained for use at an establishment in which the facilities for meal preparation and service are not primarily those of a restaurant. Without limiting the generality of the foregoing, limited meal service, such as provided by lounges, luncheonettes, diners, coffee shops, drive-ins, etc., does not satisfy the requirements for this license classification. Any cafeteria-type operation that serves meals as defined in this chapter may qualify for a Class "R-4" license issued hereunder if other applicable provisions of this chapter are met. It is unlawful for such licensee to render a bill for the sale and service of beer, wine, and/or alcopop which does not include a charge for a meal, and the beer, wine, and/or alcopop must have been served for consumption with a meal. No such license shall be issued to or retained for use at an establishment in which the facilities for meal preparation and service are not primarily those of a restaurant. Without limiting the generality of the foregoing, limited meal service, such as provided by lounges, luncheonettes, diners, coffee shops, drive-ins, etc., does not satisfy the requirements for this license classification. Any cafeteria-type operation that serves meals as defined in this chapter may qualify for a Class "R-5" license issued hereunder if other applicable provisions of this chapter are met.
