

VILLAGE OF GRAYSLAKE BUSINESS UPGRADE REBATE GRANT PROGRAM!

What is it?

This newly launched grant program seeks to assist businesses that implement the following business improvement projects:

1 Façade / Exterior Upgrades that bring the building closer to the Village's architectural standards
These could include signage upgrades, awnings, window fenestrations, cornice work, etc.

2 ADA Enhancements that make the building more accessible per the Americans with Disabilities Act (ADA)

3 Sustainability Improvements
These could include projects that reduce energy use within the building, utilize alternative energy, and other projects that have demonstrable sustainable benefits (see <https://www.villageofgrayslake.com/567/Grayslake-Sustainable-Business-Initiative>)

How Much?

Grayslake's business upgrade rebate grant program provides eligible projects with a 50% reimbursement of qualifying costs, not to exceed \$5,000

Grants are available on a first come, first served basis while funds are available

But Wait, There's More!

Is your business a designated Grayslake Sustainable Business (GSB)? If so, you may qualify for the Sustainable Business Bonus!

Designated GSB's that apply for the business upgrade rebate grant program qualify for a 60% reimbursement of qualifying costs for eligible projects, not to exceed \$7,500.

Also, if the project that grant funding is requested for will lead to a business being designated a GSB, the Sustainable Business Bonus applies!

Apply Today!
